

I put 15 apples equally on 3 plates.

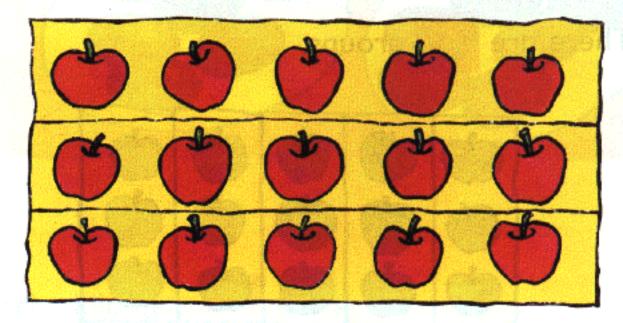

Divide 15 apples into 3 equal groups.

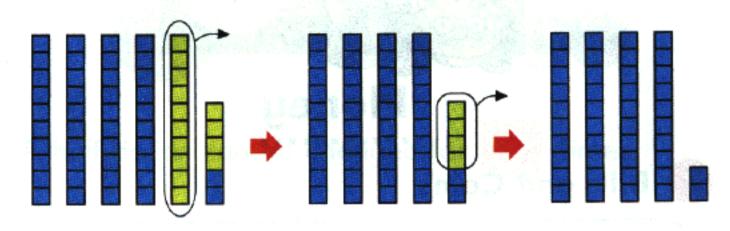

There are

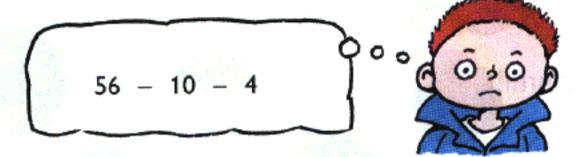

apples in each group.

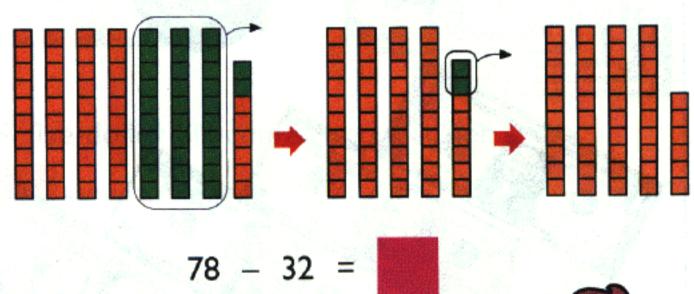

5. Subtract 14 from 56.

6. Subtract 32 from 78.

78 - 30 - 2

A half-dollar can be changed for

dimes.

A one-dollar bill can be changed for

dimes.

A five-dollar bill can be changed for

one-dollar bills.

A ten-dollar bill can be changed for

five-dollar bills.
